

BTR-155 Bluetooth remote speaker microphone – dirt and moisture resistant RSM for professionals

The Savox BTR-155 is the perfect accessory for your professional radio or PoC unit, adapting quickly to your needs in varying professional surroundings. The extremely rugged design of the Savox Promate BTR-155 remote speaker microphone provides the ultimate platform for all the different end-users. It is light, robust (to IP55) and the function buttons have been designed so it can be operated with protective gloves.

The Savox BTR-155 offers both full duplex communication capability (for normal phone calls), and one-to-many push-to-talk capability*. The wide variety of additional accessory headsets broaden the use of the Savox Promate BTR-155 remote speaker microphone.

*SW configuration required for each mobile OS. Compatibility information available from Savox.
